CAPT. ROOSEVELT RECEIVES WOUND IN ENGAGEMENT

Cablegram to Father Came From Brother Who is Also in France

SUFFERS WOUNDS IN LEG AND ARM; NOT SERIOUS

Former President's Son Had Lately Been Decorated For Gallantry

(ASSOCIATED PRESS TELEGRAM) New York, March 13.—Archibald B. Roosevelt, a son of Theodore Roosevelt, has been wounded in action with the American forces in France. A cablegram was received today at the colonel's office here. Young Roosevelt is a captain.

The message came from Theodore Roosevelt, jr., a major with the American expeditionary troops. It reads:

"Archie wounded by shrapnel slightly in leg. Arm broken, but not badly. No danger. Ted."

"I am as proud of my four boys as I can be," Colonel Roosevelt said when informed by his secretary, Miss Josephine Stryker, over the telephone at his home in Oyster Bay, where the former president is recuperating from his recent illness. "As long as Archie was not killed, everything is all right."

Earlier in the day the colonel had received unofficial information that a French general had decorated Archie with the cross of war for gallantry in action. With details lacking as to how Archie received his wounds, the colonel said he associated the receipt of the cross with this exploit.

Before Major Roosevelt's cablegram regarding his brother was received it had been assumed that the cross was conferred upon Archie in connection with an experience he had earlier in the war. Regarding this earlier experience the colonel took a few newspaper men into his confidence some months ago.

The colonel said then that he had received word that Archie had led a raiding party out into No-Man's Land at night and that he was under fire. At the time the colonel was talking announcement was made that Archie jumped from a second lieutenant to a captain and the colonel assumed that it was for that action.

GOMPERS AS LABOR LEADER SENDS HIS SYMPATHY TO RUSSIA

(ASSOCIATED PRESS TELEGRAM) Washington, March 13.—Samuel Gompers, president of the American Federation of Labor, on behalf of the American Alliance for Labor and Democracy today forwarded to the Russian Soviet congress at Moscow, a message of sympathy to the Russian people "in their struggle to safeguard freedom."

Mr. Gompers' message said: "We address you in the name of world-liberty. We assure you that the people of the United States are pained by every blow at Russian freedom, as they would be by a blow at their own. The American people desire to be of service to the Russian people in their struggle to safeguard freedom and realize its opportunities. We desire to be informed as to how we may help." "We speak for great organized movement of working people who are devoted to the cause of freedom and the ideals of democracy. We assure you also that the whole American nation ardently desires to be helpful to Russia and awaits with eagerness an indication from Russia as to how help may most effectively be extended."

"To all those who strive for freedom we say courage, justice must triumph if all free people stand united against autocracy. We await your suggestions."

TRANSFER FUNDS SO THERE WILL BE NO EXTRA SESSION

(ASSOCIATED PRESS TELEGRAM) Columbus, March 13.—Indications today were that there will be no extraordinary session of the Ohio legislature this year.

The state board of control late yesterday provided funds for certain state departments which were running low by transferring cash from other departments. A special session had been urged to provide money for these departments.

Following the board meeting, Governor Cox intimated that he would not call a special session unless some national war emergency should warrant.

AUTHORIZES SALE OF ENEMY PROPERTY

(ASSOCIATED PRESS TELEGRAM) Washington, March 13.—The urgent deficiency appropriation bill went to conference today with every indication pointing to early acceptance of the house and senate riders authorizing the sale of all enemy property in the United States and government acquisition of the broken pliers the North German-Lloyd and Hamburg-American lines.

The bill, which was passed by the senate yesterday carries appropriations of \$1,800,000,000 mainly for the army and navy.

YOUNG MEN OF JEWISH FAITH ARE ENLISTING

(ASSOCIATED PRESS TELEGRAM) New York, March 13.—Young men of Jewish faith continue to enlist in the Jewish battalion of the British army, which is to fight for the emancipation of Palestine from the Turk. A second contingent of recruits will leave New York for Canada and thence for England on March 21. Other contingents are being formed in Boston, Baltimore, Cleveland and Philadelphia and will be included in the body that leaves New York next week. All of these recruits come from neutral countries and are not subject to draft.

GOES AGROUND ON COAST OF NEW ENGLAND

(ASSOCIATED PRESS TELEGRAM) An Atlantic Port, March 13.—The steamer Kershaw of the Merchants' and Miners' Line, with more than 100 passengers aboard, sent out a call for help today, and reported that she was aground off the southern New England coast. Tugs were sent to her assistance.

The coast guards are rigging up a breeches buoy in order to take the passengers off. The vessel went ashore during a heavy fog.

Meager reports received by officials of the line here indicated that the steamer had struck on a sandy bottom and was in no immediate danger.

There are 121 passengers on the Kershaw.

PRESIDENT FAVORS UNION OF FORCES OF ALL PRESBYTERIANS

(ASSOCIATED PRESS TELEGRAM) Atlantic City, N. J., March 13.—A letter from President Wilson urging a union of the forces of Presbyterianism in the United States as a "very good thing for all Presbyterians" was to be read here today before the commission on union of the Presbyterian church in the United States of America and the Presbyterian church north and the Presbyterian church south. Two meetings have been held since the appointment of the conferees at the instance of the northern church. The program contemplates the closing of a breach that has existed since before the civil war.

PURCHASING SYSTEM FOR ALL RAILROADS TO BE NATIONWIDE

(ASSOCIATED PRESS TELEGRAM) Washington, March 13.—The railroad administration today awaited only the enactment of the pending railroad control bill to perfect the establishment of a nationwide purchasing system for all the roads.

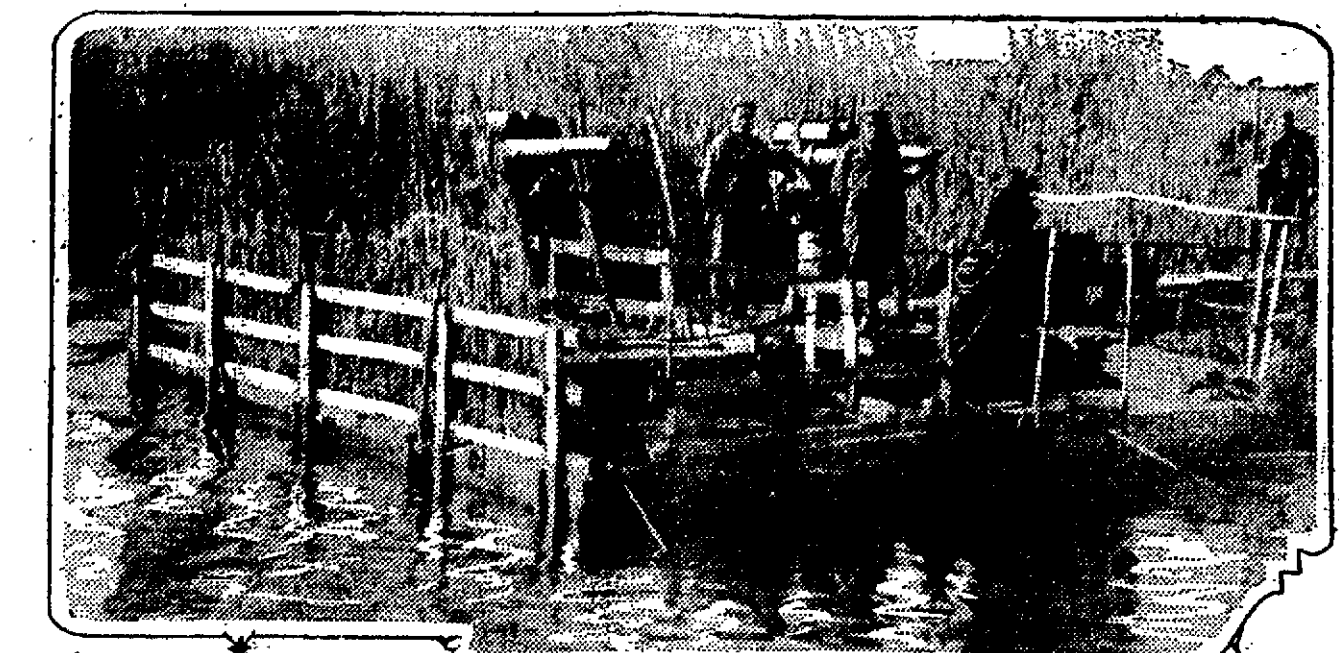

Plans for such a system were announced by Director General McAdoo last night in naming a number of assistants to John Skelton Williams, director of the administration's division on finances and purchases, which is to spend between one billion and two billion dollars this year.

An advisory committee for finance, a central advisory purchasing committee, and regional purchasing committees for the east, west and south were named by the director general.

DEADLOCK ON OVERMAN BILL

Washington, March 13.—Another attempt to get the senate judiciary committee in agreement on the Overman bill to empower the president to consolidate and co-ordinate executive departments failed today and the members broke up in a deadlock. Chairman Overman announced he would attempt to force a vote Friday.

LET KAISER STRIKE IN WEST OR ON ITALIAN FRONT: MOUTHPIECES OF DEMOCRACY WILL MEET HIM

Above—Italian barge artillery in reeds on Piave. Below—Sammies with machine gun on western front. Let the Kaiser strike where he may. The Italians await him on the Piave, the Sammies, Tommies and polus are ready for him on the west front. The Italian guns mounted on barges and hidden among the reeds on the Piave have done great work in stopping drives by the Austrians and in anti-aircraft work. Italian marines man these guns. On the west front, the allies have long been prepared. But every day the Germans delay their thrust the number of Sammies and death-dealing machine guns opposite them increases.

OHIO SELECTS LEAVING FOR CAMP JACKSON

Men Transferred to Heavy Artillery Before Reaching Columbia, S. C.

RUMORED THEY WILL SOON BE SENT TO FOREIGN PORT

Warning Against Bogus Officers U. S. and Foreign Armies

(ASSOCIATED PRESS TELEGRAM) Camp Sherman, Chillicothe, O., March 13.—Several hundred additional Ohio and western Pennsylvania selects are one step nearer "strafing" the Kaiser today. Men from practically all of the organizations of camp composed a movement of troops sent to Camp Jackson, Columbia, S. C., just completed. All of the men who were designated for the change have been transferred to the heavy artillery.

Officers say that it is more than possible that these selects will soon be given a chance to help batter down the German defenses and to silence the German artillery fire with their heavy guns. While no definite information is available here it is believed that these several hundred selects are destined to see actual fighting ahead of their fellows here.

Regardless of their previous training in infantry, light field artillery, the machine gun battalions, the military police organization, and even the cooks and bakers' school, the selects will be trained anew to handle the heavy guns with which they will be armed. All of them were eager to go, glad of the chance to leave Camp Sherman in the hope of an early departure for the fighting front. Commissioned officers in charge of the men were accompanied by medical officers sent along to take care of any of the men who might become sick enroute.

With the death here this week of (Continued on Page 2, Col. 2.)

KNIGHTS OF COLUMBUS UNIT MOBILIZING FOR OVERSEAS SERVICE

(ASSOCIATED PRESS TELEGRAM) New York, March 13.—The first of the units of Knights of Columbus chaplains and field secretaries now being organized in this country for service with the American expeditionary forces is mobilizing here and will leave soon for France. The unit is composed of 17 men and three women, the latter being assigned to office work. The head of the unit is Walter N. Kernan of Utica, N. Y., overseas commander of the knights of Columbus.

WILL SHIP COAL TO TIDEWATER POINTS

(ASSOCIATED PRESS TELEGRAM) Washington, March 13.—The fuel administration announced today that coal operators in the Pocahontas and New River fields of West Virginia, whose mines are adjacent to the Chesapeake and Ohio and Virginia railroads, will ship all of their output except coal for by-product purposes, to tidewater until further notice. This will insure a full supply of coal for the shipping board at tidewater points.

DEMAND DESTRUCTION OF 400 ENGLISH TOWNS BY AIRMEN AS REPRISAL

(ASSOCIATED PRESS TELEGRAM) Amsterdam, Feb. 12.—(By Mail) The destruction of 400 English towns by German airplanes is demanded by the Berlin Tages Zeitung as a "reprisal" for the action of the allies in confiscating 400 German merchant ships. In a long article on the subject the paper said:

"If we are in a position to destroy the whole of London, it would be more humane to do so than to allow one more German to bleed to death on the battlefield. To hesitate or to surrender ourselves to feelings of pity, would be unpardonable. More than 400 merchant ships have been stolen from us by Great Britain. Our answer should be that for every German ship at least one English town should be reduced to ruins by our airmen. Far better were it for us that Great Britain, France and the United States should call us barbarians than they should bestow on us their pity when we are beaten. Softness and sentimentality are stupid in war time."

WOULD SUSPEND LAWS PROHIBITING MARRIED WOMEN FROM TEACHING

(ASSOCIATED PRESS TELEGRAM) Washington, March 13.—Suspension of laws and ordinances prohibiting married women from teaching school is advocated by Federal Commissioner of Education Claxton today as the best means of replacing the large number of teachers who have quit to enter war work.

In a letter to city, county and state authorities, Commissioner Claxton points out that many sections are facing a shortage of teachers because higher wages paid in commercial and industrial occupations are attracting many young women from the schools.

DAILY RAIDS ARE MADE BY OUR TROOPS

Enemy Continually Harassed By Americans In Lorraine Sector

CASUALTIES INFLICTED BY SHELL AND RIFLE FIRE

Twenty-One Enemy Airplanes Brought Down By French and British

(Compiled from A. P. Dispatches) In the Woivre and in Lorraine the American troops are giving the Germans little rest and raids into the enemy positions are being carried out successfully. The artillery especially in the Toul sector, also has been active.

South of Richcourt, on the Toul sector, General Pershing's men penetrated to the second German line in a raid Tuesday. Casualties were inflicted on the enemy by shell and rifle fire. The raids in this sector began Saturday and probably in answer to German activities which indicated the enemy was preparing for a movement against the American lines. The artillery activity on this sector has been most intense, the American gunners causing fires and explosions behind the enemy lines.

The American troops east of Lunville, in Lorraine, which places them very near the Franco-German border went into the German positions Monday and found that the enemy had not yet returned to the trenches he evacuated the day before. Despite German artillery fire against them, the raiders came back to their own lines without a casualty.

On the line between Armentieres and La Basse, which has not changed in 18 months, the Germans continue their powerful raids. Their latest effort was made against Portuguese positions near Laventie. The Germans were checked by machine gun fire which caused heavy casualties and left prisoners in the hands of the Portuguese. British troops re-

ALLEGES HUSBAND HAS BEEN POSING AS GAY WIDOWER

Cincinnati, March 12.—Mrs. Marie Reuter has sued her husband, Fred C. Reuter, for divorce. She was married at Newark, O., January 1, 1905, when 17 years of age, her maiden name being Marie Webber. They are the parents of four children.

In her petition, Mrs. Reuter charges that her husband has been posing as a widower at Newark, O., and has been making love to a woman there, residing in Pleasant street, and she names her in the petition, stating that her husband has been corresponding with her. The latter is now at Mt. Union, Pa.

DRAFT EVADERS ARE TAKEN TO CAMP LEE

(ASSOCIATED PRESS TELEGRAM) Pittsburgh, March 13.—One hundred men, arrested several days ago by Pittsburgh police in a roundup of alleged draft-evaders, were today taken to Camp Lee, Virginia, where they will be inducted into military service. The greater number of the more than 600 men arrested today having filled out questionnaires, or having furnished satisfactory proof that they had returned their questionnaires.

PRaises KAISER, GETS STABBED IN THE EYE

(ASSOCIATED PRESS TELEGRAM) Youngstown, March 13.—Declaring that Frank Shields defended the Kaiser in an argument last night, Frank Forest, an Italian, pulled a knife and plunged it into the left eye of Shields, inflicting an injury which in the opinion of physicians will prove fatal. Forest, following his arrest, claimed that Shields made slighting remarks on the fighting ability of the Italians and praised the soldiers of the Kaiser for bravery.

BEAT EMPLOYEES TO THREAT TO QUIT; FIRES 'EM

(ASSOCIATED PRESS TELEGRAM) Columbus, March 13.—The Ohio board of administration today put a sudden stop to a threatened strike of employees in the kitchen of the Ohio hospital for epileptics at Gallipolis, by ordering the summary dismissal of six men.

Dr. G. G. Kineon, superintendent of the hospital, recently advised the board that the kitchen help had requested an increase in wages. Before the board could act, six men employed in the department called upon Dr. Kineon and notified him that unless the increase was granted at once they would quit Saturday.

The board was notified today of their actions and immediately instructed Dr. Kineon to discharge them at once. The men discharged will be barred from any further service under the board of administration.

GUARD MURDERERS IN CLEVELAND JAIL; FEAR OF LYNCHING

Cleveland, March 13.—The county jail, harboring two murder prisoners and one witness from Akron, presented the appearance of an armed camp today. Sheriff Hanratty, fearing efforts will be made to get at the prisoners, has thrown a guard of deputies about the entrance to the cell tiers.

The prisoners, Frank Mazzano and Paul Chivora, charged with murder, and Joseph Bolo, held as a witness, were hurried from Akron late last night in an automobile, after it had been learned mob violence was probable. The men were arrested following the killing early yesterday morning of Patrolman Gethin Richards.

The prisoners will be held in Cleveland until the two held for murder are indicted by the Summit county grand jury.

A crowd of ten men, loitering near the jail after the prisoners were brought here last night, was dispersed by city police.

WHAT HAPPENED? NO INCREASE IN ICE CREAM PRICE

Columbus, March 13.—There will be no general advance in the price of ice cream this summer, as has been announced in some newspapers throughout the state, according to a formal statement issued today by W. W. Trout, of Springfield, secretary of the Ohio Ice Cream Manufacturers' Association.

The ice cream manufacturers recently decided to stop the manufacture of ices and sherberts during the war and to cut down on the amount of sugar used in the manufacture of ice cream. Reports were circulated that the price of ice cream would be advanced from ten to twenty per cent. April 1.

WILL STRENGTHEN THE SEABOARD DEFENSES

Washington, March 13.—Active preparations for strengthening the aerial defenses of the Atlantic seaboard were begun today by the war department with the appointment of an army board to select sites along the Atlantic coast for aero squadrons and balloon companies. Major Norman W. Peek, of the signal corps was named to head a board to meet at Charleston, S. C., Fort Totten, N. Y., and commanders of the South Atlantic, Middle Atlantic and North Atlantic coast artillery districts will name an additional officer to sit with the board while it is considering the needs of each district.

GAS PROJECTORS ARE DESTROYED BY U. S. GUNNERS

Fires Back of German Lines Caused By Americans' Extreme Accuracy

CREW OF RAIDED WAS TAKEN PRISONER BY THE AMERICANS

Conditions Excellent For Flying and Many Hostile Planes in Air

(ASSOCIATED PRESS TELEGRAM) With the American Army in France, Tuesday, March 12.—There was greater artillery activity by the Americans on the Toul sector today than at any time since they took possession. American shells have obliterated at least five groups of gas projectors which had been set up by the enemy in preparation for an attack. Fires back of the German lines were also caused and a number of explosion were heard.

The American troops on the Toul sector again raided the German positions, penetrating to the second line. No prisoners were captured but a number of the enemy were killed by shell and rifle fire.

Along the Chemin des Dames the crew of a German raider which fell at Clamecy Monday night was made prisoner by American soldiers. The Germans later were turned over to the French.

The sector occupied by American troops east of Lunville, which has designated formerly merely as being in Lorraine, has developed suddenly into one of the most active on the front from the standpoint of artillery fighting. American artillery men are hurling thousands of shells daily against the German positions, making it virtually impossible for the enemy to occupy them. Investigation shows that they have been virtually abandoned. This is especially true in the neighborhood of certain places north-west, and northeast of Badonviller where, it is now permissible to say, the two raids mentioned as having been carried out simultaneously took place.

Certain information obtained in the American sector northwest of Toul leads to the conclusion that the American raid there, this morning, came at such a time as to cause the Germans to abandon plans of their own for a "Normal" artillery fighting continues in this sector, shells falling on towns on both sides of the lines.

At one place the Germans used mustard shells. A number of Americans walked through the gas later. (Continued on Page 2, Col. 3.)

BRITISH CLAIM JAPAN HONORABLE AND TRUSTWORTHY

(ASSOCIATED PRESS TELEGRAM) London, March 13.—Concerning doubts expressed in some quarters on the schedule of Japanese intervention in Siberia, the Daily Telegraph says that Japan is a British ally of years standing and during all the time she has, apart from the services rendered to the allied cause in the course of the war, shown herself an honorable and trustworthy associate. The paper continues:

"The overwhelmingly strong interest of Japan in this part of the world is, of course, apparent from a glance at the map. Japan is a highly organized trading nation and is directly interested in the maintenance of general peace and order in the lands where her economic relations are close and which are so extremely important to her welfare. That was fully recognized by Great Britain in the treaty of 1905."

"Whether the Japanese Republic may turn to be when we know anything of it, we may at least be sure that Germany reckons upon dominating it as she reckons upon dominating all other fragments of the shattered Russian empire."

"If the triumph of our enemy's influence is to be guarded against in the region where Japanese and all other allied interests are especially strong the sooner the business is undertaken the better."

FURTHER PROTESTS SENT TO WILSON ON ADDRESS PROBLEM

(ASSOCIATED PRESS TELEGRAM) Washington, March 13.—Chairman George Crook of the committee of public information sent a protest today to President Wilson against the war department's new policy of withholding the addresses of soldiers in giving out casualty lists. The committee has refused to handle for the department the lists as now issued, on the grounds that they are valueless to the newspapers and the public.

President Wilson is studying the question from all its angles but is expected to come to no decision until a full report is received from General Pershing, who has been asked for further information.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pain in her right side, at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. Wells, 226 North Adams Street, Petersburg, Va.

OHIO SELECTS LEAVING FOR CAMP JACKSON

(Continued from Page 1.)

two selectees from tuberculosis medical authorities sent out a plea to the relatives and friends of selectees confined at the base hospital for various ailments not to come here unless they receive official word to the effect that their relative is seriously ill. The war department provides for prompt notification of relatives and friends in case of emergency, they stated.

A number of cases have come to light in the last few weeks where comrades of men confined to the hospital have written parents to the effect that their sons were not expected to live, when, as a matter of fact, hospital authorities state, there were no grounds for such statements. One aged couple came from Toledo to see their son who was only slightly incapacitated. Without funds and with no friends here the old people were sent back to their home with money collected by officers.

Officers and selectees have been commended for better saluting in the past few weeks by the field officer of the day in an official report. He censures some officers for failing to salute each other, where they are of equal rank, each waiting for the other to salute. General Perkins has directed that steps be taken to correct such deficiencies.

Selectees who are expert pigeon fanciers are in demand. The pigeon detachment of the signal corps wants 14 men for this division. All of the organizations in camp are being combed for men who are familiar with the birds. A number of pigeons have already been received here and are being trained for service.

Authorities today issued a warning against bogus officers of the United States and foreign armies, who are known to be operating in different parts of the country. It was stated that in cases of doubt all officers were furnished with credentials establishing their identity, where it is desirable.

The headquarters company of the 330th infantry was today reported released from quarantine for scarlet fever. No new quarantines were reported.

DAILY RAIDS MADE BY OUR TROOPS

(Continued from Page 1.)

pulsed small raids in the Ypres area, where the enemy artillery fire is intense. On the French front the bombardment has been most violent in Champagne, especially east of Rheims.

In aerial fighting French and British machines have accounted for 21 enemy airplanes, while French gunners have destroyed three others. In addition to attack on military targets close behind the Germans, British airmen have combed the city of Cologne, on the Rhine, in daylight. A ton of bombs was dropped, causing two fires and a violent explosion.

The Bolshevik government has removed to Moscow, where the all-Russian congress of Soviets will meet Thursday to take action on the German peace treaty. In Petrograd two committees are preparing to take over the government. One is headed by Trotsky, dismissed by Premier Lenin as foreign minister, and the other by Zinoviev, chairman of the delegation which assented to the German peace terms.

In eastern Siberia, General Semenov, the anti-Bolshevik leader, has been driven across the border into Manchuria by Bolshevik troops aided by released German prisoners. China has warned the Bolsheviks against infractions of her neutrality in Manchuria.

German airships have raided the coast of Yorkshire, in eastern England, and have dropped bombs. What damage the raiders did has not yet been reported. One hundred persons were killed and seventy-nine injured as a result of the German raid on Paris Monday night. Of the dead, sixty-six were suffocated in a panic in the subway.

A CLEVER WIFE.

She walked into the business office of the evening newspaper and stopped before the counter. "I should like to have this advertisement put in tonight's edition," said the clerk. "Here it is."

The clerk took the slip of paper which she held out to him and read it. It was very brief, just a single sentence. Then he read it again. "I beg pardon," he stammered; "I don't quite understand. You wish this put in the paper?"

"I said so," replied the woman, who was neither old nor plain. "I wish it put in tonight's paper, in as good a position as possible, under the head of 'Where to Dine.' You run a list of hotels and restaurants in the general heading, do you not?"

"Yes, yes, yes," said the clerk, fingering the slip nervously. "How many insertions?" "Keep it running for about a week, I should say," answered the self-contained woman; "every day for a week."

"May I ask—er—what's the idea?"

"Not at all. I'm not surprised in the least at your asking. I want this to reach my husband's eye. He's a regular reader of your paper, and if he sees it in your 'Where to Dine' column it may possibly strike him as being a good idea. I've tried telling him until I'm weary; now I'll try this and see what effect it will have."

And that night, on an inside page of the paper, at the top of the column of hotel and restaurant advertisements, there appeared this extraordinary notice:

The question of a strike is also before the unions in other gulf-coast cities building ships.

NO FIREWORKS IN OHIO THIS YEAR

(Associated Press Telegram)

Columbus, March 13.—State Fire Marshal Alfred T. Fleming announced today that he will issue an order later this year absolutely prohibiting the use of fireworks in Ohio this Fourth of July.

The announcement was made in conjunction with the beginning of a campaign against fireworks as a waste of money and powder that could be used in the prosecution of the war. The state fire marshal said he was starting his campaign at this time so that dealers would not purchase fireworks.

PRaises HEROISM AMERICAN CREW OF DESTROYER PARKER

(Associated Press Telegram)

London, March 13.—Sir J. Fortescue Flannery, member for the Maldon division of Essex, announced this morning that he would call the attention of the first lord of the admiralty today in the house of commons to the remarkable heroism and seamanship displayed by the American crew of the destroyer Parker in rescuing nine survivors, including the unconscious navigating officer of the ship Glenart Castle, sunk in the Bristol channel late in February.

The official report of the sinking of the Glenart Castle, on which it is estimated 153 persons lost their lives, announced that survivors had been landed by an American torpedo boat destroyed, the name of which was not given.

The member said he would suggest that the admiralty suitably recognize the skill of the navigator of the Parker and the gallantry of the eight American sailors who jumped into the sea and swam to the rescue of survivors on rafts and wreckage. The Glenart Castle sank at four o'clock in the morning of Feb. 26. The destroyer, although far distant picked up a wireless message and hurried to the scene where she searched the choppy sea for survivors.

The first one was sighted at one o'clock in the afternoon, a lone man on a raft.

In these submarine infested waters it was impossible for the destroyer to halt and launch boats. She threw a line to the survivor but he was so weak that he became entangled in the line and was carried astern of the destroyer and severely cut by her propellers. He managed however to climb back on the raft.

The destroyer circled the scene and as it passed the raft again quartermaster J. C. Cole jumped overboard succeeded in swimming to a raft and brought the man back to the destroyer. He was a fireman, Jesse White, of Southampton. He died later on board the destroyer, which continued her search and in the course of the afternoon sighted three more groups of survivors clinging to rafts and wreckage, all of whom were similarly rescued.

In continuing the crew of the destroyed, Vice Admiral Sims, commander of the American naval forces in the war zone, telegraphed: "The work done in wintry seas and gales by all the destroyer's crew has been inspiring but none more so than the Parker's."

One of the survivors who was rescued late in the afternoon said he sighted a submarine while he was struggling in the water. The U-boat passed within a few yards of him. There were two Germans on her deck. He hailed her and asked for help, but the Germans paid no attention to him.

In all, nine survivors were rescued by the Parker, of whom one died on board the destroyer. All were landed in Wales.

The Americans who jumped into the water in the course of the rescue, in addition to Quartermaster Cole, were:

R. E. Hoskes, boatswain's mate. David Goldman, machinist's mate. Jerry Quinn, coxswain. F. W. Beeghly, yeoman. F. W. Matthews, ship's cook. J. Newman, seaman. T. F. Trone, seaman.

SELECT OFFICERS FOR OVERSEAS DUTY

(Associated Press Telegram)

Camp Sheridan, Montgomery, Ala., March 13.—Billeting officers who will proceed to France ahead of the 37th division has been selected and the appointments announced. Officers who received the appointments are listed below at Camp Sheridan to prepare them for their duties and to teach them the French language. Captain Tom Jones of Middeport, is at the head of the billeting unit. Others selected are: First Lieutenant John E. Williams, of Youngstown; Second Lieutenant Norman F. Hascall of Toledo; Second Lieutenant Charles F. Bushong, Put-in-Bay; Second Lieutenant Joseph N. Sammon, Cincinnati and Second Lieutenant Frederick P. Dodge, Toledo.

Billeting officers will go to France ahead of the soldiers to prepare for the quartering of troops on foreign service.

Major General Treat and other officers joined citizens of Montgomery last night in welcoming Christy Mathewson and the advance guard of Cincinnati Nationals to Montgomery.

The Cincinnati team will train at soldiers field Camp Sheridan. They play the Cleveland Americans an exhibition game here March 27.

1917 WEST POINTER KILLED IN ACTION

Lieut. Stewart W. Hoover.

First Lieut. Stewart W. Hoover was the first of the class graduated in 1917 from West Point to die in action. He died fighting at the head of his men who repelled a German attack near Toul, March 1. Since October he had been an acting captain.

GAS PROJECTORS ARE DESTROYED BY U. S. GUNNERS

(Continued from Page 1.)

Last night an American patrol brought in an enemy sniper's camouflage suit, made of woven brownish colored grass, the same shade as the landscape. There was the usual work by patrols in No Man's Land during the night but no encounters have been reported.

Conditions were excellent today for flying and many hostile and friendly planes were in the air. In virtually every allied plane there was an American observer. Once or twice the Americans went close enough to the Germans to try their machine guns but without result.

One airplane in which there was an American, went far back of the enemy lines. It was the target for hundreds of enemy shells, which burst all around it. On returning the American admitted that they seemed pretty thick, but he was unharmed.

Railroad Notes

Every one of the 250,000 employees of the Pennsylvania Railroad System, both East and West of Pittsburgh, will receive an individual copy of Order No. 8, issued by Honorable William G. McAdoo, Director General of Railroads, calling upon the working forces of all lines to "pull together" in the National service and work unitedly to win the War. For this purpose the Order has been reprinted, in small leaflet form, for distribution.

Accompanying the text of Order No. 8 is a personal appeal from Samuel Rea, President of the Pennsylvania Railroad System, asking for the most earnest, loyal and unselfish support of the Government by all officers and employees, as follows:

"I call upon all persons employed on the Pennsylvania Railroad System to acquaint themselves at once with the foregoing order of the Director General of Railroads and be guided thereby. In so doing, I feel assured that all of our officers and employees will continue to acquire themselves honorably and faithfully, and with ever-renewed devotion to the great National service in which we are engaged, realizing that our System has the duty of carrying a larger traffic than any other railroad of the country. Our men and our facilities must be equal to that great responsibility."

Director General McAdoo's Order No. 8 has also been printed in the form of a poster, which is being placed on all employees' and public bulletin boards on the Pennsylvania Railroad System.

DONOVAN DANGEROUSLY ILL.

(Associated Press Telegram) New York, March 13.—Mike Donovan, former middleweight champion of America, is dangerously ill in a Bronx hospital. Donovan is suffering from pneumonia. Until several days ago Donovan was engaged in recruiting for a state guard regiment. He also has been acting as boxing instructor at city armories. Donovan was one of the greatest boxers of his weight this country ever produced.

REPUBLICAN WANTS TO SUCCEED SENATOR THOMPSON

(Associated Press Telegram) Washington, March 13.—Joseph L. Bristow, formerly Republican senator from Kansas, announced here today he would be a candidate at the August primaries for the nomination to succeed Senator Thompson, Democrat, whose term expired March 4. Mr. Bristow is chairman of the Kansas public utilities' commission, but will retire April 1, when his term expires.

YOU CAN TELL THE PEOPLE WHO HAVE IRON IN THEIR BLOOD—STRONG, HEALTHY, VIGOROUS FOLKS

Doctor Says Ordinary Nuxated Iron Will Increase the Strength of Nervous, Run-down People in Two Weeks.

"NE glance is enough to tell which people have iron in their blood," said Dr. E. Sauer, Boston physician who has studied widely both in this country and in Great European medical institutions. They are the ones that do and dare. The others are in the weakling class. Sleepless nights spent worrying over supposed ailments, constant dosing with habit-forming drugs and narcotics and useless attempts to brace up with strong coffee or other stimulants are what keep them suffering and vainly longing to be strong. Their real trouble is lack of iron in the blood. Without iron the blood has no power to change food into living tissue and therefore nothing you eat does you good; you don't get the strength out of it. When iron is supplied it enriches the impoverished blood and gives the body greater resistance to ward off disease. I have seen dozens of nervous, run-down people who were ailing all the time increase their strength and endurance in from ten to fourteen days' time. While taking iron in the proper form. And this, after they had in some cases been going on for months without getting benefit from any other medicine.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. There is nothing like good old iron to help put color in your cheeks and sound, healthy flesh on your bones. But you must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless.

NOTE—Nuxated Iron recommended above by Dr. E. Sauer, is one of the newer organic iron compounds. Unlike the older inorganic iron products, it is easily assimilated, does not injure the stomach, does not blacken the teeth, and is entirely satisfactory results to every purchaser or they will refund the money. It is dispensed in this city by all leading druggists.—Advt.

RHEUMATISM FOR TWO YEARS SPREAD TO ALMOST EVERY JOINT IN BODY

In Hospital for Neuritis and in Bed Six Months Tells How Simple Remedy Helped Her

Mrs. Annie Jackson, of 680 Jackson street, Methuen, Mass., is very enthusiastic about Var-ne-sis and how it enabled her to do light house work after being almost helpless from rheumatism.

She said:

For two years I suffered from

down stairs. My ankles and knees were swollen and for a few months I was unable to bear any weight on them. My condition got so bad that I went to the hospital and stayed there for some time. On returning home I was confined to the bed for six months. About one year ago friends did not believe I would ever get over this terrible disease. I was completely exhausted and worn out with suffering.

At the time I commenced to take Var-ne-sis I was in bed and had to be assisted. After taking Var-ne-sis for some time I saw a marked improvement, gradually the pain and stiffness left me and today I am able to do light house work without any trouble. I feel 100 percent better than when I began to take Var-ne-sis.

W. A. Varney said:

Var-ne-sis is a simple vegetable preparation that has been highly successful in the treatment of chronic rheumatism of the joints. Var-ne-sis does not contain salicylates, iodides, pepper or capsicum. Var-ne-sis cannot harm the heart and tends to help the stomach. I would like to send you further information about Var-ne-sis—just address W. A. Varney, Lynn, Mass., for the newspaper devoted to rheumatism and "Rust of Human Hinges." They are free.

AMUSEMENTS

AUDITORIUM.
The Nashville, Tenn., Banner of December 26th, 1917, has the following to say of Nicola, the Great Magician who appears at the Auditorium this evening.
"The Great Nicola and his wonderful company in his latest and most brilliant contribution of thrills and laughs, mystification and all around diversion for the average person, young and old, than any magician that has visited Nashville in a long time. His series of tricks, illusions and mystifying performances hold in awe the spectators, while things occur which seem impossible except in fairy books and nightmares. As the royal Chinese conjurer, Wong Toy Sun, many of the wonders of the celestial kingdom are executed with apparent supernatural assistance, although the ease with which the tricks are performed comes only from a long and strenuous practice with the magic 'spirits'.
"Portraying an Egyptian character, Nicola brings to the stage many of the tricks made famous on the Orient, and in each of the parts, including the East Indian, as himself, the tricks are far too clever for the average mind to comprehend. In fact, people back of the stage and those who attend with those in the theatre seats, and the lightning-like change and transformations kept the audience wholly in the dark as to what was coming next.
Nicola ranks high in the field of mystic performances, and even the great Thurston has never presented the tricks of the trick which he uncovers this week at the Vendome."
A fairly good advance sale is announced and all who attend will promise one of the best entertainments of the kind ever offered in the city of Newark. Mr. Fenberg is personally acquainted with both Nicola and his manager, Charles Hugo, who is one of the foremost theatrical managers of this country, he as well as Nicola, are known throughout the entire world. Hugo has sent attractions in every part of this great continent.
"Alma."
"Permit us to present 'America's modern Joan of Arc.' This is what Miss Ruth MacTammany's representative says she is, and we sure must believe what he says. Miss MacTammany comes to Newark tomorrow and will be seen for three days at the Auditorium theatre.
Starting tomorrow afternoon, and for both afternoon and evening performances, Miss MacTammany will appear in person, she will sing, dance, tell you all about her 'visit in the trenches' 'over there'.
"Alma, Where Do You Live?" and we are sure after seeing her in "Alma, Where Do You Live?" that you will want to see this sweet little lady who has appeared before the crowned heads of the entire world.
"Alma, Where Do You Live?" was made from the stage version of the play, which ran for several years at Weber's theatre, New York City and is in six reels, brimful of action and not a moment of dullness. The production of tremendous cost, some very lavish effects have been obtained, and the result is a film with the power to hold one spellbound.
The plot is a swiftly moving romance of modern life, full of excitement and daring situations cleverly handled. "Alma" is a beautiful girl met by the hero in a pine woods. He falls instantly in love with her. But she disappears from his view. The plot involves the settling of a will and a large inheritance—but the real punch is in the Bohemian life of the artist's quarter—the gay, care-free love—the exotic intensity of the young artist to whom Alma becomes an inspiration.
For Friday and Saturday the series of the two-reel Paramount Chapin feature, "The Son of Democracy," in which the two-reels; "The Call to Arms," will be shown.
"The Son of Democracy."
A striking parallel between President Wilson's present problem and those that confronted Abraham Lincoln is shown in "A Call to Arms," one of Paramount's "The Son of Democracy" series which is to be shown at the Auditorium theatre on Friday and Saturday. This chapter seems with "The White House," atmosphere, showing the intimate details of the President's life, his advisers, good and bad. The action is humorous as well as thrilling and the climax is President Lincoln's call for volunteers to preserve the union. Benjamin Chapin makes a splendid Abraham Lincoln.
"The Marionettes."
"The Marionettes," Clara Kimball Young's current release, is her own company under the direction of Emile Chautard, and distributed by Select Pictures is an adaptation of the

French play of the same name by Pierre Wolff. This production, which will be shown at the Auditorium theatre next Tuesday and Wednesday, gives her an opportunity to display the fullest her great emotional powers.
Fernande, a simple little country girl, marries Roger de Monclaire; but her intense love for him is met with cold difference. Distraught, she borrows an idea from the plot of "The Marionettes" as she had no other recourse and win his love by first making him jealous.
How she plans her campaign and enlists the aid of her friends, her hairdressers, manicurists, and the like; how her new attire seems to free her convent-bred mind and to release its natural sparkle; how her recollections attract scores of real "society folks"; how she captivates a man who wants her to be with him; and how her husband's jealousy is thus aroused and transformed into a consuming love—all this action, set in gorgeously beautiful surroundings and acted by a versatile cast combines to make a superb film drama of heart interest.
Pathe News, also a good comedy, is promised.
Only One Camouflaged Turnip.
Ruth Taylor leading lady in "Jack Spurlock—Prodigal," a little, pretty and talented has to eat an onion in one of the scenes, and she begged Director Carl Harbaugh to camouflage a turnip instead, as she had an inherent dislike for onions. He did so and she ate it. But a "retake" was necessary and as there had been only one turnip provided for the scene, she was obliged to eat the onion. She cancelled a dinner engagement for the evening. George Walsh will be seen in "Jack Spurlock—Prodigal," Sunday, together with a two-reel comedy.

Auditorium Notes.
Some good things in pictures coming to the Auditorium tomorrow, the real beauty picture sensation of the year, "Alma, Where Do You Live?" in which the stars who appeared in the feature, both Ruth MacTammany and Hal Clarendon. Sunday, George Walsh is seen in his latest, "Jack Spurlock—Prodigal." This story was adapted from the Saturday Evening Post and Tuesday, Clara Kimball Young returns after a long absence from Newark's screen. She will be seen in "The Marionettes."
Mr. Fenberg promises a clever comedy for Sunday in "Sheriff Nell's Tussle," a Paramount-Mack Sennett. In this Polly Moran continues her role of Sheriff and laughs are fast and furious. Ben Turpin and Billy Armstrong are in the cast.
In the cast with George Walsh in "Jack Spurlock—Prodigal," Sunday at the Auditorium are Ruth Taylor, Robert Viner, George Walsh, Horace Lorimer, who wrote it, is editor of the Saturday Evening Post, and the story ran in that popular magazine. Many of Clara Kimball Young's lecture friends will be glad to hear that she is to be seen at the Auditorium Monday and Tuesday in "The Marionettes." In this, an artist rises to great heights in her delineation of the simple little country girl who blossoms into a Parisian butterfly and wins her husband's love.
Newark parents who have a son at Camp Sherman will soon have the pleasure of seeing just what he has been doing since he left Newark to become a soldier boy for Uncle Sam, for Mr. Fenberg has arranged to present under the auspices of the "The Making of a Nation," a 7-part picture made at Camp Sherman, under the supervision of Major General Edwin P. Hearn. Masterlinck's "The Blue Bird" made by Artcraft, a mighty spectacle of Happiness, will soon be shown here.
A Mutt and Jeff picture, "The Mutt and Jeff Picture," which earlier in the season delighted large crowds here, has been booked for a return date and will be seen at the Auditorium matinee and night, March 28.

GRAND.
"They're Off."
Enid Bennett, "The Girl Glory" and "The Mother Instinct" will appear in her latest Triangle play, "They're Off," at the Grand Theatre, Tuesday and Friday. This picture she has the role of a young girl whose father has by unscrupulous manipulation taken possession of the old Southern mansion, Randolph Manners, the young owner, whose family have lived in the house for years, is ejected and takes temporary residence in the training quarters of the estate. There the girl meets him and learns of her father's methods. She is attracted by the disfigured attitude of the young Southerner and determines to help him out. By disguising herself in jockey attire and riding in the most spectacular race ever witnessed in the countryside, she achieved her purpose. The picture is said to have many humorous touches of Southern life, introducing a company of pickaninies and their mummies. The race-track episode has been so staged that it surpasses in thrilling suspense that of any similar action recently screened.
Among the supporting players are Royland Lee, Melbourne MacDowell, Walter Whitman and Samuel Lincoln. Roy Neill directed the production.
ALHAMBRA.
Kitty Gordon, the famous beauty and internationally famous actress, is coming to the Alhambra tonight and tomorrow in "The Divine Sacrifice," a new World-Picture Brady-Made in which she portrays a unique and powerful role.
"The Divine Sacrifice" is a story of mother love. It is a fascinating production, unusual and gripping. From the altogether startling opening of the picture until the smashing climax and the conclusion of the play it holds the attention unceasingly and carries the spectators from one surprising situation to another. Supporting Miss Gordon in this drama is a splendid cast of film favorites all of whom are cast in roles that they fill perfectly. The photography leaves nothing to be desired and the interior and exterior sets are scenes of great beauty.
Added feature, William Hart in "The Man From the West," a two-reel western drama.

BROWNING MACHINE GUN.

One of the principal crimes charged against the management of the war department has been the Browning machine gun. Our humorists have been very funny and our orators very eloquent on this point. The former wanted to know whether a real Lewis gun, such as is used by the British army, or a blue-print of a Browning gun, would be the more useful in the trenches with a German charge coming right at you.

Which, of course, was very good stuff, and no doubt brought good space rates. Still, for some reason, one has not heard so much about the Browning gun for the last few weeks. Perhaps the splendid test it had in Washington had something to do with that.

It was the feeling of the war department, that it was better in the long run to get the best machine gun. The army would not be delayed for lack of machine guns. The great obstacle to early participation in the fighting is lack of ships. An improved type of gun could be made ready as soon as there were ships enough. Meanwhile, plenty of French machine guns were readily offered us, all that we needed or could use.

So the department went ahead on the theory of getting the best possible gun, confident that by the time the ships were ready in sufficient quantities, the guns would be. No body of troops has had to be held back. And if we do get a superior weapon by taking time for it, the whole policy ought to work out very well.

This is another case where it is wiser to suspend judgment. The war department is not so wholly made up of fools as some people seem to think. If the Browning gun proves its superiority, as the experts claim, it will be a big factor in pushing back that trench-line.

The enormous amount of peace talk the Germans have put up recently, is an indication that they are making extra preparations for their great spring drive.

Two hundred thousand dollars worth of chickens killed annually by automobilists, but some of the speeders think they are all right if you can't get a dog.

Some of the people who are groaning because it will be a long war, are the same ones who won't save any food to help our allies fight the war.

It is denied that the Russians are all running away, as the women's battalions are still standing their ground.

Very few of the former residents of Germany who have persistently defended their fatherland for the past three years, have shown the

slightest desire to return to such a glorious country.

As the result of these trench raids on the American sector, a considerable number of the Germans have learned that the Americans are not armed with wooden guns.

When one of the plotters is caught with maps on him of our munition plants and shipyards, he is, of course, merely a student practising with mechanical drawing.

There are people who would pay 5 cents for those scraps of paper called German bonds, but there are not many of them around here.

Market reports state eggs have dropped, but unfortunately owing to scarcity of flour, there is not always any toast for them to drop on.

It is not probable that the slackening shipbuilders have any boys in the trenches.

ALLIES ARE NOT ASLEEP.

(Columbus Dispatch)

We have heard a great deal about the proposed German drive. It has been discussed from every angle. There are some who are certain the Germans intend to make a drive in the western field and overcome the allies or lose the war. There are others who believe that it is all a bluff; that Germany never intended to make a great offensive in the west. In practically all discussions, however, Germany is first considered—what does she propose to do, and how will she do it?

We have heard little about the plans of the allies. Their program has not been mentioned. To hear the discussions on the streets and at the clubs one might imagine that the allies are asleep, or that they are sitting in the trenches waiting to find out what the Germans propose to do. Listen. The allies have a program. They are not asleep. They know exactly what they are doing. They have their plans, well thought out. They are not waiting upon Germany; they are not waiting about Germany's intentions. They know what their own intentions are, and they are going to carry out their intentions.

Whether it is a great drive to break through in the west, we are not prepared to say. Whether it is to hold Germany for another year, until still greater preparations are made, it is not announced. But rest assured of this: We have just as intelligent generals as Germany has, we have just as able strategists, just as courageous fighting men, just as wise tacticians. And we have more equipment, better guns, and more men.

Germany has made great headway in some directions. She has made several little nations strike their flags. She has torn up Russia, and rendered that colossal giant impotent to do her any harm. But there are three flags still floating in the air—the flags of the three greatest nations on earth—the flags of the United States, of Great Britain and France. So long as those three flags are aloft over a foot of territory on the globe, just so long has Germany not mastered civilization.

Get your thinking clothes on straight. Keep your eyes upon the three flags. Hope for anything you please from Italy, pray all you please for any other country. But remember the three flags of the three greatest nations on earth are still there—and will be there when the double-headed eagle of the barbarous Hun is trampled in the dust.

A Few Don'ts.
Please do not send any of the following: Men's stiff hats (derby, straw or dress), women's stiff hats, women's fancy slippers, goods containing rubber in any form as suspenders, garters, etc.

As leather goods not in the best condition deteriorate in shipment, kindly see that the shoes you send are free from mud.

Do not send in damp clothing. Do not put any notes or messages in the pockets of garments as no written matter can be sent into the occupied territories with commission's goods.

Only articles appearing on the list of "garments needed" will be accepted. Such articles must be strong and of durable material but need not be in perfect repair. Garments will be inspected in local chapter as well as in Cleveland, so please see that all articles are sent in clean.

All garments should be taken to the room formerly occupied by the Interurban restaurant on East Main street. Please do not bring them to headquarters.

The room will be open every day during the week of March 13th and garments will be received and inspected. Let Newark and Licking county respond readily to the call from France and Belgium for help.

Did You Know

That the first bricks were doubtless the sun-dried bricks of Egypt, Assyria, and Babylonia? Many of these, which the floods of a single northern winter would destroy, have been preserved for 3,000 years by the dry, warm atmosphere of those countries. Kiln-baked bricks must have been products of a later time; but they are found in all the chief ruins of ancient Babylonia and occasionally they are ornamented with enamel. Burned bricks were employed in the foundation of the Tower of Babel. These ancient bricks were all made of clay mixed with grass or straw. The earliest instances in which bricks of modern make occur in England is in Little Wenham Hall, 1260. Bricks were known to all nations of antiquity, including the Mexicans, Peruvians, Indians, and Javanese.

RULES GOVERNING BUILDING CONTEST FOR BIRD HOUSES

The plans for bird house building contest to be conducted by the local Y. M. C. A. is now complete and the boys of the city may enter at any time. This contest should prove very popular in this city and it is worth entering, not only for the prizes offered but for the practical educational value that the contestants will derive. The manual training departments of the public schools are going to help the boys in every way possible and it is hoped that the number of entries will be large.

There will be four classes devised as follows. The sixth grade, seventh grade, eighth grade and High school, or boys of the age of these classes who are employed.

Four different kinds of houses are to be built, wren houses, martin house, woodpecker and flicker box and feeding platforms. In all this makes sixteen classes and boy may enter. And a prize will be offered in each. Among the prizes are four "Y" memberships, tools, books, saws, hammers and practically every thing a boy desires.

The rules governing the contest are as follows:
All contestants must be in the grades specified or of the same age, if employed.

Work may be done at school or at home, but must be done by the boy himself.

Contestants must sign a contract to put the house up, and shall submit it for exhibition by April 12th.

Descriptions of the birds for which the house is intended, shall be submitted with the house.

W. VA. FARMER SAYS WRITE HIM FOR FACTS

Suffered for Seventeen Years With Rheumatism. Had Eczema. Knows How to Get Relief.

TELLS HIS EXPERIENCE.

"Anybody can tell by looking at me that I haven't eczema and I'm here to tell you that after suffering seventeen years with rheumatism and trying four different doctors—the best I knew—I no longer am bothered with rheumatism," declared R. F. Pauley, of Spring Hill, W. Va., R. F. D. No. 1.

"I was suffering with eczema and rheumatism for the last two years I suffered agony at times. I didn't seem able to get anything that would help me until one day my wife sent into a Charleston store after a bottle of medicine on a prescription I was taking and while in there a traveling man told her about Acid Iron Mineral. He said he would pay for a bottle if it didn't give relief and I never saw anything like it in my life. After three applications I got relief. The water and sores disappeared day by day and now I am a sound man, ready for anybody to look at for themselves to prove it. It will absolutely relieve rheumatism, blood diseases and skin trouble. Any man or woman who wants to verify this statement just write me at my post office in Spring Hill, W. Va., and I'll be glad to personally recommend Acid Iron Mineral," declares Mr. Pauley.

Note:—People in writing should enclose a stamped, addressed envelope for reply as it would be an imposition upon this gentleman's sincerity and good nature to fail to pay postage.

Acid Iron Mineral is a strange iron mineral dug up down in Mississippi. It is not a vegetable preparation. It is powerful yet harmless, taken externally or internally and a bottle goes a long way. Get it of your druggist or send \$1 direct to the Ferroline Chemical Corp., Roanoke, Va.—Advertisement.

ST. LOUISVILLE EVANGELISTIC MEETING.

The evangelistic services at the St. Louisville Christian church were held attended on Monday evening. Text: "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the Word of Truth."

Rev. Mr. Stambaugh defined the New Testament as the "constitution" of the new covenant or of the new government under which we live. This portion of the "Word of Truth" was spoken of as being fourfold—a fourfold division supplying the fourfold needs of man's spiritual nature. Special music by Mr. and Mrs. W. G. Hoover was a pleasant feature; also, Minor Mitchell delighted the audience with a number of violin solos.

The sermons are both instructive and inspiring. Song service begins at 7 o'clock.

"Who Will Win This Battle?"

Much of your comfort depends upon knowing that your system will perform its functions properly.

Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to throw the whole mechanism of the body out of order, thus toxic poisons can accumulate in the system and be as deadly as snake venom.

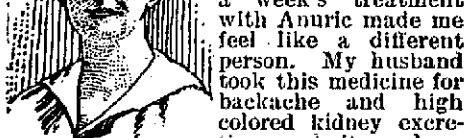

Besides causing the minor ailments of rheumatism, sciatica, lumbago and backache, neglect of the kidneys is apt to develop into more serious diseases, such as diabetes or stone in the bladder.

Did the box of toxic poisons—clean the bladder and kidneys and cure the twinges of rheumatism with Anuric (double strength).

Anuric was first discovered by Dr. Pierce, and has benefited thousands of sufferers as well as appeased and eliminated the ravages of the more serious kidney diseases. Now procurable at any good drug store.

If you have rheumatism or kidney trouble, why not let Dr. Pierce's Anuric (double strength) win the battle?

CLEVELAND, Ohio.—"Both my husband and I are very enthusiastic over what Anuric has done for us. It cured me of rheumatism in the hands and feet, and also uncomfortable bloatings. Just a week's treatment with Anuric made me feel like different persons. My husband took this medicine for backache and high colored kidney excretion. It made a wonderful change in him. The backache has entirely disappeared and the water has cleared up splendidly. We cannot say too much in praise of Anuric. In fact, I wouldn't keep house without it."—Miss CORA MORLEY, 5207 Lower Avenue.

FRIENDS GAVE MGR. FENBERG THE COLD SHOULDER

Manager Geo. M. Fenberg of the Auditorium theater, was given a wide berth by his friends this morning when he appeared on the street with a new pet. He has an English bulldog that is the pet of everyone. "Murgie" is almost as well-known as his boss, but he had to take a back seat today for a royal Bengal tiger. Manager Fenberg stepped into Advocate office at noon with his new pet and immediately the young women of the office force sought places of safety behind desks, etc., while the men kept an eye "peeled" towards the unwelcome visitor.

It was the property of Nicola, the great magician, who appears tonight only at the Auditorium theater. He raised the tiger from a cub on a bottle and it is as docile and as playful as a kitten. Manager Fenberg endeavored to purchase it, but its owner would not part with his queer pet, which is now as large as a good size pony. He has promised, however, that when he returns to England he will endeavor to secure a lion cub from the Royal Zoo gardens for the hustling Newark manager.

SOCIAL EVENTS

SOCIETY EDITOR, AUTO PHONE 23123.

Curtis Berry, clerk of the Mullen Grocery Co., was surprised at his home, 48 W. Channell street, on Monday evening, the occasion being his twenty-third birthday anniversary. Upon returning to his home in the evening, Mr. Berry was greeted by a number of friends and relatives who had secreted themselves in the house awaiting him. A bountiful supper was served by Mrs. Berry, who had carefully planned the surprise, after which a pleasant social evening was spent. Those present were: Mr. and Mrs. W. S. Berry, Mr. and Mrs. Frank Cooper, Mr. and Mrs. W. C. Hartman, Mr. and Mrs. Frank Hartman and daughters, Dorothy, Helen and Thelma, Mr. and Mrs. Milton Holcomb and children, Russell and Julia Rose, Mrs. and Mrs. Earl Hannum and children, Mabel and Morris, Mrs. John Miles, Frank Berry, Carl, Penick, Mrs. Elizabeth Stockdale and Emma Davies.

The Fleur de Lis Needle club held the fifth annual winter picnic Monday at the home of Mrs. Wm. F. May in South Pine street, in honor of her mother, Mrs. Bailey's eighty-first birthday anniversary. The club will end its 16th year of unusual success next week. It has been always ready at a moment's notice to help any deserving person. In the past year many acts of kindness and help in the form of baskets of food, clothing, money and flowers are to its credit. This past year it has devoted its time and money in Red Cross service. Mrs. Bailey was the recipient of many beautiful presents and potted plants. At noon a dinner was served to the following members: Mrs. Rachel Bailey, Mrs. May, Mrs. Eph Galloway, Mrs. Lester, Mrs. Shirk, Mrs. Bacon, Mrs. Young, Mrs. Christman, Mrs. Kinney, Mrs. Haynes, Mrs. Bonham, Mrs. Swartz, Mrs. Swisher, Miss Verne Bragg and Mrs. George Galloway. Mrs. Shide, Mrs. Hogrefe and daughter, Alice, Mrs. Stouffer and daughter, Grace, were guests of the club.

Mrs. Thomas Gannor entertained informally with a dinner of delightful appointments at her home in North Fourth street on Tuesday evening, honoring Sgt. and Mrs. Joseph J. Gannor whose marriage was solemnized Tuesday morning. Sgt. and Mrs. Gannor left during the evening for a short wedding trip.

Chas. W. Ellis, of Brooklyn, N. Y., was pleasantly surprised Tuesday evening at the home of his parents, Mr. and Mrs. John R. Ellis, of the National Drive, when thirty friends called in masquerade costumes and spent the evening, devoting the time to games and music. A delightful luncheon was served and at a late hour all departed after wishing Mr. Ellis many happy returns of the day.

Mrs. Curtis Frye and daughter, Irma, have returned home after visiting friends in Thornville. While there they attended a birthday dinner given for Mrs. Mary Orr.

THE COURTS

Decree Granted. The divorce case of Frank Knickerbocker vs. Nellie Knickerbocker was heard late Tuesday afternoon, and the decree granted to the plaintiff on the grounds of willful absence and gross neglect of duty.

Suit for Money. A petition was filed today in common pleas court by Anna R. Roberts against Ira M. Price, executor of the estate of Grace M. Rhodes, deceased. The plaintiff says the defendant is the duly appointed executor of the above-named estate and that there is due the plaintiff from the defendant as such executor the sum of \$2140, with interest from April 25, 1917, on an account of services rendered by the plaintiff to the deceased during her lifetime and at her request.

On June 25, 1917, the plaintiff presented to the defendant a written statement of her claim, but the defendant on November 22, 1917, rejected the same. The plaintiff asks judgment for \$2140, with interest from June 25, 1917.

Court of Appeals. On Wednesday morning the court of appeals heard the evidence and arguments of counsel in the case of Wesley Bush, et al., vs. J. H. Orr, et al., and the case was submitted to the court.

The suit is brought to restrain the construction of a ditch near Johnston.

The court stated that the results of decisions would be announced this afternoon at 4:30.

The court of appeals heard the arguments of counsel in the cases of Chas. H. Bolin and Mary C. Bolin vs. The Board of County Commissioners, and the cases were submitted. The suits involve the question, as to certain road assessments near Hanover.

In the case of Edward Hibbert vs. Wm. H. Chilcoat, a suit involving a deed to real estate, a judgment of settlement was entered.

Arguments were made to the court in the case of Eli Hull vs. Henry O. Norris, as executor, a suit to declare a subsisting trust.

TWO ENLISTMENTS SECURED HERE FOR THE NAVAL SERVICE

R. O. Keck, navy recruiting officer with his office in the Memorial building, secured two enlistments here yesterday. Charles T. Reichart, of Bucks Eye Lake enlisted in the naval reserve and after being given the preliminary examination, here was sent to Parkersburg, W. Va.

Dewey Jones, son of Daniel R. Jones, 259 Buckingham street, enlisted as an apprentice seaman and was sent to Parkersburg for examination today.

After these men pass their examinations they will be sent back to Newark where they will await orders to report for training at one of the training stations.

Officer Keck is also receiving enlistments for the construction units for immediate service abroad in France and Ireland. While not definitely stated the enlistment in these units is for the period of time necessary for the construction of this special work upon the completion of which the men will be returned to the United States.

CLYDE F. FARMER HAS ENLISTED IN ORDNANCE BRANCH

Clyde F. Farmer, son of Mr. and Mrs. M. L. Farmer, 269 North Fourth street, left for Washington, D. C., yesterday, having enlisted in the ordnance department. His position is that of clerk in that branch of the service and he will be stationed in Washington.

For the past 10 years he has been employed by the Baltimore & Ohio Railroad company, and previous to his enlistment held the position of traveling dairy freight agent.

ABOUT PEOPLE

John Hiskey, East Main street, has returned to his home, after spending the past few days in Cambridge.

George Logan, National Drive, has accepted a position with the Meyer & Landor company.

Miss Udell Ewing of Lancaster, will arrive in Newark today, to be the guest of her grandmother, Mrs. Hugh D. Ewing of Granville street.

Frank O. Spaulding sends greetings to his friends from Kansas City, Mo.

ALSO MADE TRIP TO FRANCE AND RETURN

An error crept into the columns of The Advocate last evening unintentionally, speaking of Walter Kusmaul being the first Newark lad to make the trip to France and return.

It is sadder than that of a mother who has gone away, cuts like a sword into her soul, or of the single woman because love has passed her by.

The woman of old times who lived by her affections often suffered cruelly, but who broke her heart generally causes the modern woman to harden hers, as she is beginning to have interests of her own which do not wholly forsake her even in circumstances of distressing loneliness and disappointment.

She finds so much to do and to see, for there never has been an era like the present, so rich in opportunities for useful work, for culture, with a thousand doors open to the women with brains.

LAY IN YOUR COAL FOR NEXT WINTER

The Newark coal dealers now have on hand a larger reserve stock than at any time since last fall and it is the opinion of those in charge of the situation that the steady movement of this coal from the dealers' yards to the bins of the consumers will do much to relieve the shortage that is predicted for next winter. The orders do not need to be placed, though the fuel office at 54 Dewey avenue, who was assigned to the S. S. Susquehanna (formerly the German S. S. Rheine) left an American port on Dec. 9th with a cargo of Sammies and supplies, was 20 days on the trip over, landing at St. Naire, France, Dec. 29th, was in port 10 days leaving France Jan. 8th, arriving at an American port about Feb. 8th was home on furlough from Feb. 8th to 11th and is now on his second trip. His diary of the first trip is in the hands of his mother and is very interesting to read.

WON PRIZE IN A NATION WIDE ESSAY CONTEST

Miss Elizabeth Keyes, a member of the Senior class of the local high school, won second prize in the nation-wide essay writing contest on "Why Every Family Should Own Its Own Home," conducted recently by the American Lumberman. The first prize went to an Iowa girl. Miss Keyes is the daughter of T. D. Keyes of North Pine street.

NATIONAL CHAIRMAN OF REPUBLICAN PARTY FAVORS EQUAL SUFFRAGE. ASSOCIATED PRESS TELEGRAM. New York, March 13.—Will H. Hayes, chairman of the republican national committee, is in New York today for a conference with party leaders and tonight he will meet republican committeemen from New England.

Mr. Hayes expected to leave for Washington after the New England conference and it was said that his visit to the capital would be in interest of the federal suffrage amendment. In a statement last night the new chairman expressed himself as in favor of the full suffrage for women.

It does a lot more good to throw a rope to a drowning man than to hand out a line of conversation.

How to Make Oatmeal Bread

Healthful to Eat—Saves the Wheat

1 cup flour
1 1/2 cups corn meal
2 teaspoons salt
5 teaspoons Royal Baking Powder
2 tablespoons sugar

1 cup cooked oatmeal or rolled oats
2 tablespoons shortening
1 1/2 cups milk
No eggs

Mix together flour, corn meal, salt, baking powder and sugar. Add oatmeal, melted shortening and milk. Bake in greased shallow pan in moderate oven 40 to 45 minutes.

This wholesome bread is easily and quickly made with the aid of

ROYAL BAKING POWDER

If used three times a week in place of white bread by the 22 million families in the United States, it would save more than 900,000 barrels of flour a month.

FOOD WILL WIN THE WAR

Milady's Boudoir

Beauty of Middle Age.

As long as the middle aged woman feels young she will seem young and she will feel young only as she can live in the present and future and not in the past. In dress she must not repeat the mistakes of former days and compete for the admiration of the young. The young have the advantage.

Friendship, intellectuality and social triumphs, useful work and absorbent hobbies, are the opportunities for the middle aged woman. She should determine to be self sufficient, for the nearer she approaches a serene independence of the favors of others the happier she will be and the pleasanter companion she will make. She should be ready to give but not to receive, since no tragedy is sadder than that of a mother whose desire for the children who have gone away, cuts like a sword into her soul, or of the single woman because love has passed her by.

The woman of old times who lived by her affections often suffered cruelly, but who broke her heart generally causes the modern woman to harden hers, as she is beginning to have interests of her own which do not wholly forsake her even in circumstances of distressing loneliness and disappointment. She finds so much to do and to see, for there never has been an era like the present, so rich in opportunities for useful work, for culture, with a thousand doors open to the women with brains.

Our Boys and Girls

When a child begins to show a cold, isolate it from the other children in the house and do not let it attend school until it is better. Not only is a cold contagious in itself, but in children a cold is often but the beginning of a contagious disease, and it is not fair to other children to let them come in contact with a cold until it is proven to be nothing but a slight affection. There is no better gargle or nose douche for an inflammation just commencing than a solution of salt and water. Of course the solution must be made weak for use in the nose. Nose douches should be taken only upon the advice of a physician, as the membrane of the nose is very delicate and the treatment must, necessarily, differ with different children. Never let the child go out of doors after spraying the nose and throat.

The Sick

Bradley's ambulance removed Stanford Black from the Sanitarium to his home in Central City, Tuesday afternoon.

Mrs. George Schaus was taken from the City Hospital to her home, 202 Jefferson Road, Tuesday afternoon in the Bradley ambulance.

FORMER AMBASSADOR BRYAN DEAD.

Every Day Etiquette

"I have occasion to make several business calls each year upon men. Is it proper for me to send in my card when visiting an office?" asked June.

"No, a woman does not send in her card to a man's business office. A better way is to give your name verbally to the clerk in the outer office," replied her aunt.

A bore is always dull, but a fellow must be sharp to get away with flattery.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

DOUBLE HEADER AT FRIDAY NIGHT'S GAME

Newark High's last appearance upon their home floor will be Friday night when they meet the Y. M. C. A. team of this city. The team has been trying to secure a game with the local boys and are supremely confident of winning. However, the High school boys will have something to say. A very fast game is promised to all who attend the double header. The preliminary game will be between the Seniors and a team picked from the Faculty. While out of practice the Faculty is rapidly rounding into form and expects to force the upper classmen to do their best. The Y team will present a strong lineup with: Keith, Alley, Goodwin, Hunter, Allen and Tharp. Among those of the faculty who will play will be: Allison, Alley, Buell, Little, Murphy, and Hopp.

Tickets have been issued for the game and judging from the rate at which they are being sold a record crowd will jam the hall. The most of the proceeds will go to buy sweaters for the High school team.

SEVEN HOLIDAYS ON TEAM.

21 REPUBLICS OF WEST TO SUBSCRIBE MONROE DOCTRINE

Los Angeles, March 13.—Twenty-one republics of the western hemisphere will subscribe to a new Monroe doctrine, embracing the cardinal principles already established and adding additional ones according to a statement by Dr. Alejandro Alvarez, secretary-general of the institute of international law and member of court of arbitration at The Hague who addressed students of a law college here last night. The new principles, Dr. Alvarez said, will prevent the session of any territorial acquisition in the western hemisphere by war indemnity to any European power and will prevent the acquisition of such territory to any European power for any purpose by any method.

Dr. Alvarez said the new doctrine was based on the interpretation of President James Monroe's message of August, 1823, as interpreted by the American institute of international law. Five representatives of each western republic form the institute. John Root and Robert Lansing being among the representatives of the United States.

"The old Monroe doctrine embodies the principle of the western hemisphere as a whole," said Dr. Alvarez. "They are right of independence, non-occupation and non-colonization of the western hemisphere. When the war ends we will hold a great conference and add two more points. They will be American republics and all the Latin Americans were convinced that the war must continue until Prussianism is dead."

FAREWELL RECEPTION KNIGHTS OF PYTHIAS

Newark Lodge, No. 13, Knights of Pythias, has arranged for one of the largest and best sessions of the year for Thursday evening. Sheds Torn Down.
The sheds which have housed the
fire trucks during the winter
months, while the repairs at the
Central fire station were being
made, were torn down this morning,
and it was with relief. The sheds
have been unsightly and inconveni-
ent in North Fourth street.

Police Court.
Police court this morning was
headed by Sam Miller, who stole a
pair of shoes from the rack in front
of the Bargain Shoe store. He was
fined \$1 and costs. Another man
was charged with intoxication and
assaulting his wife. Sentence was
suspended, also his fine pending
good behavior. Four drunks re-
ceived the usual fines.

Will Arrive Tomorrow.
Mr. and Mrs. Dick Curry will ar-
rive home from Florida tomorrow,
after having spent the winter at
Jacksonville, Miami, and other
points. On the way home they stop-
ped at Knoxville, Tenn., for a visit
with Mr. Curry's brother and at
Lexington, Ky., for a visit with
Thomas Kirkpatrick, former man-
ager of the Kresge store in this
city. Mr. Curry states that he is
bringing along with him a fine
specimen of alligator which he will
present to Cephas ("Shorty") Wag-
ner in the hopes that he will find
comfort and solace in its company,
and may be able to teach it many in-
teresting tricks.

A large and most appreciative au-
dience greeted and enjoyed the
speakers and singers from Granville
at the Woodside Presbyterian church
last night. David Owen, captain of
company A, will speak this evening.

WORDS OF WISE MEN
Economy makes happy homes and
sound nations. Instill it deep.
The common secret of want of suc-
cess in life is a tendency to let things
drift.
The food of the home is not meat
and bread, but thoughtfulness and un-
selfishness, for these keep joy alive.
What is wanted in society every-
where is the generous temper which
seeks the good in human nature and
refuses to think the worst.
Evil passions are poisons. Hatred
for another wreaks its worst ven-
geance upon self; suspicion and jealousy
work out their own prophecies by in-
juring mind and body.
Poetry is imaginative passion. The
quickest and subtlest test of the pos-
session of its essence is in expression;
the variety of things to be expressed
shows the amount of its resources.
Life is a process of giving and tak-
ing. Whoso would have full life must
give liberally of his store to others;
he must also receive from others in
return. There must be a constant in-
terchange.
You never can tell. The man who
has money to burn may merely freeze
onto more.

NEWARK CLUB AT CONFERENCE IN ZANESVILLE

A party of 74 Newark people—42
men and 32 women—representing
the Newark Rotary club, attended
the conference of the seventh district
of Rotary clubs in Zanesville yester-
day. Delegates were present from
the Michigan, West Virginia and
Ohio clubs constituting the seventh
district.

The ladies of the party were en-
tertained during the morning at one
of the theaters and after lunch were
given a motor drive over the city
and taken through the Welser pot-
tery, while the Rotarians assembled
at the Schultz opera-house. In the
evening a banquet was served to
more than 600 guests. The principal
speakers were Governor Cox, Capt.
Frank Hunter of Camp Sherman, and
Hon. Allen Albert.

Charles Brown of Columbus, a for-
mer resident of Newark and Zanes-
ville, was honored by election as gov-
ernor of the seventh district. Mr.
Brown, who is secretary of the
building and loan associations of
Ohio, was a Newark newsboy back in
1878. He is now one of the best-
known business men in Ohio.

A feature of the evening's enter-
tainment during the banquet was the
presentation of "Evans' Follies" by
a cast of 17 from Newark—Messrs.
T. J. Evans, Albert Gleichauf, Den-
is A. Linehan, Ralph Hutchison,
R. E. White, Ralph J. Davis, A. E.
Willert, Gus Weigand, Capt. C. V.
Fried, Frank Ewald, Mrs. Dorothy
Beard Harrison, Mrs. A. E. Willert,
Mrs. Albert Gleichauf, Mrs. R. A.
Hutchinson, Misses Dorothy Edmis-
ton, Mary Wright and Dorothy Kus-
ton, Mary Wright, Mary Carl and
Dorothy Kuster. The lines were writ-
ten by Amos Brown and represented a
court scene presided over by "Judge"
Evans. The second part was a re-
presentation of Belgium, England,
France, Ireland, Scotland and the
old U. S. A., closing with the ex-
plosion of a bomb which produced a
large banner inscribed "Newark
Want You in 1920." The whole
thing was very cleverly put on and
elicited much applause and favor-
able comment. Mr. Ewald sang
several numbers and was repeatedly
encored.

Zanesville took splendid care of
her guests and overlooked nothing
that would contribute to the pleasure
and comfort of the visitors.

GRANVILLE
(Special to The Advocate.)
Granville, March 13.—Miss Grace
Chamberlain and Miss Faye Hulshizer
whose musical play last Thursday
evening was the artistic hit of the
entire year, visited headquarters of
the K. P. W. Tuesday afternoon
and handed to the chairman, Mrs.
Biggs, a check for \$50 as their con-
tribution to this great work of war
relief. This was the greater portion
of the net proceeds from the enter-
tainment, which they deemed due to
the organization for the aid rendered
and the encouragement extended in
their big undertaking, as well as for
patriotic reasons. In recognition of
this generous gift, the two young
ladies were given a rising vote of
thanks by the workers assembled.
Reports of the two addresses given
in Columbus, Saturday, by Miss
Anne Morgan, in the interests of the
American fund for French wounded,
were presented by Mrs. Biggs, Mrs.
Ray and Mrs. J. D. Thompson, all of
whom spoke in glowing terms of the
fresh incentive gained, for work and
ever more work constant and unre-
mitting, in aiding in the reconstruc-
tion of devastated France, in the re-
lief of helpless old people and chil-
dren and in the sending of hospital
supplies which may benefit our own
men as well as those of our allies,
wounded in battle.
The pictures taken last week by
S. P. Tresize showing the large front
room with a number of workers,
were framed most satisfactorily and
they are being rapidly disposed of.
Mrs. Ray received the knitted gar-
ments brought in: 52 pairs socks,
25 sweaters, 8 pairs wristlets, 3 hel-
mets, 1 bag of gloves, all inspected
and measured. Her class work will
be completed next week, when the
local Red Cross unit will be thor-
oughly and efficiently re-organized.
With the promise of prompt supplies
of material from the county head-
quarters there will be no lack of in-
terest in turning out the work.
Miss Simpson, head of the Patas-
kala unit of Red Cross, visited the
meeting of the A. F. F. W., yester-
day.

Miss Penney of Newark was pres-
ent for the day, being the guest at
luncheon of Mrs. Carrie Atroge.
Mrs. Frank Ray spent the entire
day in the rooms taking her lunch-
on there as is the popular custom.
Miss Eva Robinson of the Newark
road is suffering from the prevail-
ing malady, a hard cold with gripe
features, which keeps her confined
to her room temporarily.
Seymour Underwood, entertained
with a six course dinner at Curtis
Hall, Tuesday evening honoring
Lieut. Charles Haskins who will
leave for "Over There" in the near
future. The tables were artistically
decorated with smilax and beautiful
cut flowers and covers were laid for
the guest of honor, Lieut. Haskins;
his father and mother, Rev. and Mrs.
E. E. Haskins, Mrs. Burkett, Pres-
man Haskins, Dr. and Mrs. C. J.
Loveless and son Forest, Professor
and Mrs. W. J. Livingston, Miss Lily
Bell Sefton, Miss Grace Ackley, Miss
Elizabeth Evans, Mr. Donald Butler,
and the active members of the Alpha
Eta chapter of Beta Theta Pi.

Mrs. M. E. Stickney is spending a
few days at the home of her mother,
Mrs. Bell in Mt. Vernon.

On Friday afternoon, March 15th,
the "Liberty-Literary League" of the
public school will present a splendid
program consisting of recitation, es-
says, orations, a debate on live is-
sues, the school paper, and much
special music, which will be pre-

ented by some of the best talent of
the school.
Lieut. Charles Haskins of the avia-
tion section of the signal corps,
located at San Antonio, Texas is vis-
iting his parents, Rev. and Mrs. E.
E. Haskins. He has been decorated
with the silver wings which pro-
claims his ability to "go up in the
air" with safety to himself and dan-
ger to the enemy. He is the picture
of fitness and efficiency, and his
visit terminates on Thursday.

Miss Rachel Colwell of Morgan-
town, W. Va., and Miss Emily Col-
well of Columbus, have arrived at
home. Prof. W. A. Colwell of
Brooklyn, came this afternoon. Miss
Elizabeth of Boston and Miss Mar-
garet of the Connecticut College for
Women will arrive at 6 o'clock this
evening.

ZEPPELINS RAID ENGLAND DOING LITTLE DAMAGE

(Associated Press Telegrams)
London, March 13.—Three Zepp-
elins took part in last night's air-
raid on England. One of them
dropped four bombs on Hull.
The other airships flew about aim-
lessly over country districts dropping
bombs and then proceeded back to
sea. One woman died of shock in
consequence of the raid.
The following official announce-
ment was given out:
"Latest reports indicate that three
enemy airships crossed the Yorkshire
coast between 8:30 and 10 p. m. last
night. Only one ventured to approach
a defended locality, namely Hull,
where four bombs were dropped. A
house was demolished. One woman
died of shock.
"The two remaining airships wan-
dered for some hours over remote
country districts at great altitudes,
unloading their bombs in open coun-
try before proceeding out to sea again."

**NEW COLUMBIA
RECORDS FOR MARCH**
Henry Burr has sung two new
songs for Columbia and both records
are perfectly suited to his peculiarly
sympathetic voice. "A Baby's Prayer
at Twilight" is a "heart" song full
of feeling and "My Beautiful Alsace-
Lorraine," on the other side, is a
love-of-country ballad likely to be
generally bought and kept a whir-
ling.

Al Tolson has recorded another
one of his song-discoveries for Co-
lumbia. This one is called, "There's
a Lump of Sugar Down in Dixie,"
and it will be played long after the
sugar question is solved for it is a
foot-moving piece of ragtime. On
the reverse side Campbell and Burr
render "You Can Find a Little Bit
of Dixieland No Matter Where You
Go."

Everybody's Crazy "Bout the Dog-
gone Blues, But I'm Happy," sings
George O'Connor on a Columbia re-
cord and his good humor bubbles up
through every line. On the other
side the same singer gives the com-
plaint of a lonesome man with the
refrain, "I Ain't Got Nobody."

Samuel Ash has just sung a new
record for Columbia that is bound to
be popular. It is named, "I'm Writ-
ing to You, Sammy," and on the
other side is another good one, "I'm
Going to Follow the Boys," sung by
Campbell and Burr.

A dance record making the most
of the popular war songs has been
played by Prince's Band for Colum-
bia, and one-steppers are likely to
call for this record first because it
includes so many of the favorites.
On each side is a medley of four of
those which have sunk in deepest.
The pieces chosen, eight in all, range
from "Over the Top" to "It's a Long
Way to Berlin."

A one-step medley and a fox-trot
have been contributed to Columbia's
list of April records by Jockers'
Brothers. They hunted far and wide
among operas for material. This
medley comprises music from seven
different operas, ranging from "Mad-
ame Butterfly" to "Orpheus." The
fox-trot on the other side is called
"Fascination." It is aptly named.

When at the Telephone furnishes
two more very funny monologues for
the April list of Columbia records.
In the first of these, Cohen has a
grievance. He has been sold a
building lot that looks to him more
like the Suez Canal. On the other
side, Cohen pulls an almost equally
amusing line of talk about a suit of
clothes his tailor is building for him.

The New York Philharmonic Or-
chestra makes two notable contribu-
tions to Columbia records for April.
The first is from Moszkowski's Bal-
et Suite, "Boadill," and the rich or-
chestration is brilliantly recorded.
On the other side, the Philharmonic
gives yet another piece of colorful
Russian Ballet music in Rimsky-
Korsakov's much liked "Capriccio
Espagnol."

HERE AND THERE
A brass band composed entirely of
young women is one of the boasts of
Ogden, Utah.

The Diesel oil engine, which is work-
ing successfully in water craft of al-
most all tonnages, is to be thoroughly
tested on European railroads.

The thermos bottle principle has
been applied by a Wisconsin inventor
to a lunch pail that keeps food hot in
one section and cold in another.

A ball that rolls around inside a new
spark plug for automobiles is intend-
ed by the inventor of the device to
prevent accumulation of carbon.

For removing superfluous hairs an
inventor has patented a coiled spring,
with rings at the ends as handles, that
is said to grip them better than twee-
zers.

The United States has paid Canary
Island growers during 1917 for onion
seeds alone \$137,000, the largest
amount both in money and crop ever
passing between the two places for one
kind of seed.

Can your criticism. It's a good
plan to say nothing and saw wood,
but don't forget to saw the wood.

WAR CHEST FUND WILL BE RAISED IN THIS COUNTY

Newark and Licking county are to
have a war chest fund. That deci-
sion was reached by the executive
committee of the war workers' com-
mittee of the county, which met at
the Chamber of Commerce, and after
completing an organization, thor-
oughly discussed the proposed cam-
paign for subscriptions for war
causes.

Members present from the city
were: Messrs. Wright, Lindorf,
Mazey, Carroll and Jones, and from
the county: Messrs. Graham, Mears,
Buxton, Lloyd and Moore. They
stated in a general discussion that
various sections of the city and
county had been canvassed and it
was the consensus of opinion that a
war chest drive should be inaugu-
rated and brought to a successful ter-
mination within the next six or eight
weeks.

The amount of money to be raised
has not been determined upon as
yet, but it will be a sum sufficient
to take care of the needs of the dif-
ferent war activities and agencies
for some time to come. The details
will be arranged at a later meeting.

The committee tentatively se-
lected as chairman Walter Metz of
the Liberty loan committee, to aid
in the third bond sale.

W. S. S. GIVE FUNDS FOR SHIP BUILDING

War Stamp Sales Already Pro-
duce Money For 84 Vessels.

Columbus, O.—(Special.)—If the
War Savings campaign attains the
\$2,000,000,000 goal set by the treasury
department, it will cover the entire
cost of the government's ship build-
ing program for the year. Already
the treasury department is receiving
from the buyers of War Savings
Stamps daily enough money to build
more than 10,000 tons of ships. It
has received, to date, funds for the build-
ing of 84 ships of 5,000 tons each.

What the government wants from
the War Savings campaign is a regu-
lar weekly income. In order to be
assured of this, it asks the people of
the country to form themselves into
War Savings societies.

A War Savings society is a group
of 10 or more people who pledge
themselves to systematic saving,
based on an agreement which each
member makes with himself and with
the government. In Ohio, hundreds
of such societies have been formed.
Their influence will be an important
factor in raising this state's quota of
\$106,000,000 of War Savings Stamps.

Each War Savings society receives
from the United States treasury de-
partment acknowledgment in the form
of a certificate. In Ohio, Youngstown
and Springfield are contesting for
honors in number of societies formed.

Here are the names assumed by

"Your poetry is delightfully ob-
scure," said the editor. "Do you
really think so?" murmured the de-
lighted poet. "Yes, indeed," reiter-
ated the editor. "The Government
should have utilized your talent in
getting up the income tax question-
naire."

"My brother, are you interested in
foreign missions?" asked the minis-
terial-looking person. "Sure," re-
plied the red-blooded man. "Just
now our foreign mission is in
France."

Hull's Superlative Is Meeting With Tremendous Success

Splendid Results Are Reported By
Dozens of Newark Men and Women
Who Are Taking Hull's Superlative

Every day new friends of Hull's
Superlative are found. People hav-
ing various stomach and nerve up-
sets of long standing are rapidly re-
gaining their former good health by
taking this great preparation.
Coughs, colds, the grip and tonsillitis
are routed in a hurry by Hull's Su-
perlative, an devery dose taken in-
creases the system's strength, the blood
and builds new tissue so necessary to
ward off disease, sickness and failing
strength.

Men and women who have slight
ailments find their trouble vanishes
almost like magic after a few doses
of Hull's Superlative have been tak-
en. Their step is more elastic their
eyes take on the sparkle of youth,
their skins clear up and they look
and feel so much better and are
stronger and more energetic.

Nature's Vitality-Builder
Hull's Superlative is a great suc-
cess because it builds vitality. It
contains just what a sick or ailing
body must have to establish a prop-
er health-balance. Hull's Superla-
tive is the liquid essence of seven
roots, barks and one berry, and by
analysis shows that it contains in

highly concentrated form the very
salts and minerals of which the hu-
man body is composed, and a proper
balance of which is necessary to
maintain normal health and
strength.
Science has proven that where
one or more of the minerals of the
body is lacking in sufficient quan-
tity sickness results, and by restoring
these same elements to the blood,
the disease-weakened tissues grow
firm and strong and good health
then results.

Sold On Absolute Guarantee
Hull's Superlative is sold on a
money-back guarantee. Every drug-
gist is told to refund the purchase
price should any customer bring
back the partly filled or empty bot-
tle and say he did not get the re-
sults he thought he should. This is
such a fair and liberal offer that
every reader of this paper who is
sick or ailing should get a bottle
and prove the worth of the prepara-
tion in his own particular case.
For sale and guaranteed by all drug-
gists.

It Is The Beauty of The New Spring Silks

We want to mention to you today. From all sources, information points to an unusual demand for silks and we will take pleasure in showing you the many handsome novelty silks we have gathered together. In addition to the ever popular satin phalanx, messaline and taffeta, which are shown in a profusion of shades.

Beautiful Stripes and Plaids

That will make up into very handsome skirts or waists, are shown in striking combinations of colors. They are so wide that it does not require a great quantity for a skirt. Thirty-six inches wide. Prices.....\$2.00 and \$2.50

One very beautiful piece, which just arrived and would be stylish made into a skirt, has a ground work of green, with a graduated stripe in blue. Forty-one inches wide. Prices.....\$2.50 yard

Foulard and Fashion

Have put their heads together, and as a result, foulard will be used not only for dresses, but in suits, blouses, hats and collars. There will be frocks of satin and foulard, foulard and chiffon, serge under foulard and suits of serge under foulard. It will also be used for blouses and the soft collars that end in a tie at the throat, but always where there is the mingling of two materials, it is the foulard that will attract attention, and it's not to be wondered at when you see the attractive designs brought out this season.

There are large polka dots in plain and fancy dots, neat designs formed of cords and checks, and striking patterns in all-over scroll designs. Thirty-six inches wide\$2.50 yard

The Pussy Willow Taffeta

Is another popular silk that will be in demand this season, because it's the soft drapy kind, which will make up into the soft, slender line costumes of the present mode. Shown in white, black, navy and copen, in plain shades, and combinations such as black and green, black and white checks and figures.....\$2.75 yard

Indestructible Voiles

The sheerest of all silk materials, for entire costumes, waists or combinations with other fabrics. Plain shades and handsome printed designs in rich colors. Price.....\$2.00 and \$2.50 yard

U-BOAT DESTROYED, CREW CAPTURED BY A BRITISH VESSEL

London, Feb. 23.—(By Mail).—The British destroyer Ariel recently overpowered and destroyed a German submarine and captured eight of the crew. The Ariel was on patrol duty when she got a report of a submarine in northern waters.

Sighting the periscope of the submarine at a distance of nearly a mile the Ariel made for the enemy craft, firing as she approached. The gunners made good practice and the periscope of the submarine was struck fairly. Going at full speed the Ariel attempted to ram the German and passed right over her. The submarine was damaged and came to the surface.

Faced with destruction the crew of the submarine attempted to use their sun on the destroyer. After two or three shots from the bow gun of the warship, however, the crews of the U-boat began to appear on deck with their hands above their heads in token of surrender. Several boats were lowered and eight men of the submarine crew were rescued.

Near Blacksod bay, on the western coast of Ireland, an armored patrol steamer was victorious in a fight with a German submarine in British coastal waters. While the armed steamer was in Blacksod bay word was brought that a German submarine was firing on a merchant ship just outside Achill head. The patrol steamer went right out and an hour later sighted a submarine painted black, about two miles off.

When the patrol steamer was about 800 yards off, she began to use her guns. All the shots were effective and the submarine attempted to get away but the patrol steamer maintained its firing.

Suddenly a lot of smoke was seen coming from the aft-side of the conning tower of the U-boat and it stopped. Its stern then began to sink. Soon the conning tower disappeared and only the forepart of the U-boat was above water. After a moment the submarine disappeared entirely, leaving a large cloud of smoke. The patrol steamer waited about the vicinity for two hours but saw no trace of the U-boat.

The British destroyer Ariel in March, 1915, rammed and sank the German submarine U-12. Ten members of the crew of 28 on the U-boat were rescued by the crew of the Ariel. The U-12 had taken active part in German operations against British shipping.

Readers' Viewpoint

Editor of Advocate:—Dear Sir: I saw in last Friday's paper a letter received by P. Chima, a local Roumanian from Sam O'Breeze who is a friend of mine. He is a volunteer and he and Stephen Jason were the first to enlist from Newark from the Roumanian boys, both being located at Camp Sheridan, Ala.

Sam O'Breeze sent a personal letter to P. Chima a local saloon-keeper, in which our friend Sam said he was sorry that he could not go to France as he was told by the captain he was not naturalized and for that reason could not go, and if he should be captured he would be shot on sight. I know Sam to be a brave fellow and some fighter. I remember he told me many times when he was in Newark that he will fight like a lion and that he never will be taken prisoner as he would be killed before he would be taken prisoner.

I was surprised at what P. Chima said in closing, that he did his bit for this country. I will say that he never did anything more than any other loyal Roumanian would do. I say take your hats off to those that go to the front and not those that stay at home and use letters from their friends to boost their business. To buy a liberty bond and give a little money to the Red Cross is all right, but he gets his 4 per cent on liberty bonds.

There are about six other young Roumanians here who have taken out first American papers and that means they have declared their intention, and are all willing to fight for the United States and by mistake they are classed as five and should

be in class one. The local board should rectify that mistake as these boys want to go to war, and any not willing to fight against Austria-Hungary should be interned at once, as who is not for the United States is against it, and we should know at once where they stand. If this country is fighting for the liberty of all, we are also anxious to be freed from Austria-Hungary rule. Fighting and not talking will win this war. I considered it my duty as an American to write this for publication.

I will be glad at any time to give the local board any information I have that will be of use to them.

Very respectfully, Marian Marian, No. 328 Beech street, Newark, O.

IS UNIVERSALLY SATISFACTORY SAYS MERCHANT

Has Sold Thousands of Bottles of Nerv-Worth and Knows Its Value.

W. J. McGuire, owner of the Boggess and McGuire drug stores at Huntington, West Virginia, where thousands of bottles of Nerv-Worth have been sold in the past three years, has this to say about it:

"We cannot afford to guarantee or recommend any preparation that has not thoroughly proven itself to possess unusual and striking merit. In view of this our statement regarding Nerv-Worth should be taken as conservative and strictly within the truth in every respect. IT IS THE MOST UNIVERSALLY SATISFACTORY MEDICINE WE HAVE EVER SOLD. The results obtained by its use are in many cases almost marvelous. Sold on a guarantee as it is not one in 100 make claim for a refund; and the strong endorsements brought into our store almost daily without any solicitation whatever convince us that it is a remedy WITHOUT EQUAL."

"The Boggess Drug Store, Huntington."

"W. J. McGuire, Prop." Your dollar back at the T. J. Evans drug store, Newark, if Nerv-Worth does not help YOU.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Eumunt (double strength), and add to it 1/4 pint of hot water and just a little sugar as directed in each package. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial. T. J. Evans.—Advertisement.

NOTED FOOD EXPERT TO DELIVER ADDRESS NEXT MONDAY EVENING

A great deal of interest is being manifested in what promises to be one of the most interesting addresses that will be made in Newark this year—the address of Dr. Julius Lincoln, pastor of the Swedish Lutheran church of Jamestown, N. Y., and a member of the United States food administration commission to France. Dr. Lincoln has, as has other members of the commission, enjoyed the

Julius Lincoln

fullest confidence of Mr. Hoover of the food administration, as to food conditions prevailing in this country at the present time and by reason of his visit to France and England, he has been able to observe food conditions in the allied countries.

Dr. Lincoln is a man of broad experience and a man whose viewpoint on the economic and military situation abroad will be one of the first of its kind to an American audience. His talk will be a report on what he observed in Europe, conditions in London and Paris, and later he studied conditions on the battle front in France. He will tell us, as perhaps no other man can, as to how the American food is used abroad, why it is needed, and what will happen to this nation and her allies in case we do not observe rigid economy and the use of certain foods.

The address will be given free and under the auspices of the county food administration at the high school auditorium, Monday evening, March 18, at 8 o'clock.
